

title

How to make a potion

introductory paragraph

Are you in desperate need of a **powerful** **pungent** **potion** to blow the socks off an **naughty** sibling or classmate? Do you need to silence a **wicked** **old** **grandmother** or make a **terrible** **teacher** **disappear**?

Look no further! This stinging **concoction** is sure to do the trick.

What will you need?

Ingredients:

- 500ml of anti-dandruff hair shampoo
- 200ml of extra **strength** mouthwash
- 2 teaspoons of **chili flakes**
- 1l **ordinary** car oil
- 5 tablespoons of hair gel
- 100g of curry powder
- 300g of candle wax
- 1 flea tablet
- ½ tin of paint stripper

Equipment:

- Small bowl
- Large bowl
- Large pan
- **Large** **wooden** **spoon**
- Electric whisk
- Gas **or** electric hob
- Bottle

Method:

1. **First**, collect all your equipment from the kitchen. If you do not have an electric whisk, it is possible to use a hand whisk and lots of strength.
2. **Next**, mix together the chili flakes, curry powder and flea powder (in a small bowl).
3. In a large pan, gently heat the candle wax so that it melts and add the curry powder mix.
4. While the wax is melting, mix the shampoo and mouthwash in a large bowl. After that, slowly fold in the oil using the wooden spoon.
5. Now, add all the ingredient from the bowl to the pan and increase the heat. Allow it to simmer for 10 minutes.
6. After it has simmered for 10 minutes, add the hair gel and paint stripper and whisk vigorously until it is smooth.
7. Finally, pour your potion into the bottle and seal the top immediately.
8. Your pungent potion is now ready for you to use straight away.

numbered steps

Warning!

It is important to remember that the effects of this tonic will be different but always unpleasant for each individual who drinks it. Be certain that it is well deserved before you decide to administer this potion.
